## What Powers It

### REJUVENIQUE S™:

MONAT's famed proprietary signature is a cornerstone of skin looking its best at every age. This clinically proven ingredient combines the nourishing and revitalizing powers of 17 botanical oils and extracts with a patented, activated oil from olive and jojoba seed extract to infuse skin with immediate and long-lasting moisture, hydration, youthful resilience and instant luminosity.

### Hyaluronic Acid:

This miracle ingredient has the ability to hold 1000 times its molecular weight in water, helping to replenish and bolster skin's natural moisture for age-defying, youthfully hydrated skin.

### Ceramides:

These plant-derived lipids protect against moisture loss by ensuring the skin can retain optimal moisture with a strong barrier function while protecting skin from environmental elements that can cause the look of premature aging.

### Plant Stem Cells:

These regenerating phyto-elements extracted from moss help lift, tighten, support collagen and defend skin by providing antioxidant protection to guard against oxidative stress caused by the sun and other environmental elements. This powerhouse ingredient offers a full spectrum of benefits for luminous, youthful, healthy-looking skin.

### Peptide:

Known for its skin rejuvenation ability, this bio-active building block helps support skin's natural collagen to reveal tighter skin, improved texture and an overall ageless appearance. MONAT's exclusive peptide helps skin to appear more cushiony, plump, supple and youthful from within.
