What Powers It

REJUVENIQUE S™:

MONAT's famed proprietary signature is a cornerstone of skin looking its best at every age. This clinically proven ingredient combines the nourishing and revitalising powers of 17 botanical oils and extracts with a patented, activated oil from olive and jojoba seed extract to infuse skin with immediate and long-lasting moisture, hydration, youthful resilience and instant luminosity.

Natural Fruit Acids (AHAs):

MONAT's superfruit AHAs from sugarcane, mango, banana and caja to energise, brighten, refine, and gently exfoliate skin. This blend of glycolic, malic, citric, mandelic and tartaric acids has different molecular weights that help support more rapid natural cellular turnover to diminish the look of age spots, fine lines and wrinkles while simultaneously refining the appearance of pores and promoting radiance for healthy-looking skin.

Cranberry Seed:

Packed with powerful antioxidant Vitamin E and phytosterols, these gentle seeds help fight the appearance of fine lines and wrinkles and keeps skin feeling tightened and lifted. A safe and natural alternative to microbeads, so it's easy on skin and on the planet.

Murumuru butter:

Richly moisturising, this Amazon wonder fruit simultaneously soothes and hydrates skin while supporting natural elasticity and suppleness.

Bayberry Wax:

This uplifting berry helps calm inflammation while nourishing and locking in moisture, leaving skin feeling smooth and luxurious.

HOW TO USE IT

- Recommended to use once or twice a week.
- Customise your level of exfoliation by using less water for a stronger exfoliation, or more water for a gentler exfoliation experience.
- Remove a small amount from the jar with the provided spatula.
- Apply to freshly cleansed, damp skin. Gently massage over face, neck, and décolletage using circular motions.
- Be sure to avoid your eyes.
- For an extra treat, leave on skin for a 5-minute mask. For sensitive skin types, you may want to start with a shorter time period and work your way up to 5 minutes.
- Rinse off with warm water or with a wet, soft cloth.
- Pat dry.
- Follow with your MONAT skincare routine .
- Healthy skin tip: Don't exfoliate prior to sun exposure. Apply sunscreen 15 minutes before heading outside.

DID YOU KNOW

Exfoliation is essential for skin health to assist in the removal of dead skin cells. It doesn't have to be or feel aggressive to be effective. In fact, our skin benefits more from a gentle yet effective combination of regular physical and chemical exfoliation. This is key to improving our skin's ability to absorb the nutrients in MONAT Skincare.
