*Based on self-assessments of 51 women in a 7-day study.

**Based on 46 women in a 7-day instrumental test.

***Based on 31 women in a 24-hour instrumental test.

What Powers It

REJUVENIQE S™:

MONAT's famed proprietary signature is a cornerstone of skin looking its best at every age. This clinically proven ingredient combines the nourishing and revitalizing powers of 17 botanical oils and extracts with a patented, activated oil from olive and jojoba seed extract to infuse skin with immediate and long-lasting moisture, hydration, youthful resilience and instant luminosity.

Peptide:

Known for its skin rejuvenation ability, this bio-active building block helps support skin's natural collagen to reveal tighter skin, improved texture and an overall ageless appearance. MONAT's exclusive peptide helps skin to appear more cushiony, plump, supple and youthful from within.

Kakadu Plum:

This Australian multitasking superfruit contains one of the most concentrated, ultra-stable and potent natural sources of Vitamin C. Also containing antioxidants, it helps brighten complexion, reduces the look of hyperpigmentation, and protects skin from harsh environmental aggressors such as pollution while promoting firmer, plumper skin.

Hyaluronic Acid:

This miracle ingredient has the ability to hold 1,000 times its molecular weight in water, helping to replenish and bolster skin's natural moisture for age-defying, youthfully quenched skin.

Natural fruit acids (AHAs):

MONAT's superfruit AHAs from sugar, mango, banana and caja to energize, brighten, and refine skin. This blend of glycolic, malic, citric, mandelic and tartaric acids has different molecular weights that help support more rapid natural cellular turnover to lift the appearance of age spots, fine lines and wrinkles while simultaneously refining the appearance of pores and promoting radiance for healthy-looking skin.

HOW TO USE IT

- Use daily, as a nighttime application after your Prepare step.
- Pump and spread evenly onto fingertips.
- Apply evenly to your face by dotting on forehead, cheeks, chin, and neck.
- For best results, start in the center and spread outward and upward on the neck.
- Allow product to fully absorb before applying MONAT moisturizer.
- Healthy skin tip: Apply sunscreen 15 minutes before heading outside.

DID YOU KNOW

The regular use of natural fruit acids, peptide, and Vitamin C in a skin care routine will naturally brighten and improve overall skin function. Additionally, the use of hyaluronic acid will attract water because it works as a moisture-locking sponge to boost skin's hydration.
