What Powers It

Acetyl Hexapeptide-8:

This powerful peptide tightens and rebuilds while temporarily reducing the appearance of facial lines and wrinkles. Skin will appear more cushiony, plump, refreshed, and youthful.

Coffea Arabica (Coffee) Seed Extract:

An antioxidant-rich caffeine phospholipid complex that helps fight early signs of ageing as it smooths, tones, energises and depuffs. Provides a more lifted, well-rested effect that lasts for hours.

White Lily Flower Extract:

Among the various species *Lilium Candidum*, the White or Madonna Lily has always been the most important one. White Lily bulbs and flowers are used in traditional phyto-therapy. Most recently, White Lily flower extracts are used as a mild calming active in tightening skin.
