What Powers It

Natural Fruit Acids (AHAs):

MONAT's superfruit AHAs from sugar, mango, banana and caja to energize, brighten, and refine skin. This blend of glycolic, malic, citric, mandelic and tartaric acids has different molecular weights that help support more rapid natural cellular turnover to diminish the appearance of age spots, fine lines and wrinkles while simultaneously refining the appearance of pores and promoting radiance for healthy-looking skin.

Colubrine Extract:

Derived from the bark of the Anadenanthera peregrina tree in South America, this natural resource intelligently distributes and maintains your skin's water level while restoring the barrier, keeping it well-hydrated and nourished.

Moisturizing Blend:

This blend featuring beet root extract, potassium lactate, and lactic acid helps aid absorption while deeply nourishing skin.

Chamomile:

A powerhouse that soothes, protects, and re-energizes skin. Calming skin benefits provide a comfortable cushion for radiant, healthy skin.

HOW TO USE IT

- Use daily, morning and night.
 - After cleansing, pour into hands and press gently onto face, neck, and décolletage.
 - Allow product to fully absorb before applying your MONAT serum and moisturizer.
- Healthy skin tip: Apply sunscreen 15 minutes before heading outside.
